

# Residential New Home Requirements

200 South Main  
Blue Ridge, Texas 75424  
972-752-5791

This document is not meant to modify any Federal or State laws or City Ordinances. It is intended to be informative and to be used as a guideline. Where circumstances of a particular job differ from these procedures, the decision of the Building Department will prevail.

## **Building Codes**

The City of Blue Ridge, Texas, has adopted the following codes regulating building construction.

<i>2012 International Building Code</i>	<i>2012 International Residential Code</i>
<i>2012 International Plumbing Code</i>	<i>2012 International Mechanical Code</i>
<i>2014 National Electrical Code</i>	<i>2012 International Fire Code</i>
<i>2012 International Fuel Gas Code</i>	<i>2012 International Energy Conservation Code</i>

## **Building Permit**

Permits are required when constructing, remodeling, enlarging a building and various other improvements to your property. Projects that are cosmetic such as painting, wallpapering, carpeting, cabinets and trim work do not require a permit. Permits are not required when replacing fixtures on existing wiring or fixtures to existing plumbing.

Before a building permit will be approved, all plans and documents related to the permit application must be approved by the Building Department and Floodplain Administrator. Approved permits must be picked up at the City Hall prior to work beginning and retained on site during construction. Permit becomes void if construction does not commence within 90 days from date of application. A permit fee must be paid upon submission of the building permit application for all new residential construction. All permit fees are non-refundable.

All Contractors performing work within the City of Blue Ridge's jurisdiction must be registered with the City and provide proof of liability insurance.

Where work for which a permit is required is started or proceeded prior to obtaining a permit, the fees specified shall be doubled, but the payment of such fee shall not relieve any persons from fully complying with the requirements of the adopted codes in the execution of the work nor from any other penalties prescribed herein.

## **Plan Review**

The City will verify submittal documents are complete and forward to Bureau Veritas for Plan Review. Bureau Veritas will contact the applicant directly if additional information and/or documents are required and to discuss any noncompliance or deviation from City zoning and adopted Code requirements. You may contact Bureau Veritas' Plano Plan Review Department for the status of your permit at (469) 241-1834 or toll free (800) 906-7199.

**Inspections**

Inspections received by 5:00 p.m. Monday – Friday will be performed the next business day. Inspections related to building construction must be called into Bureau Veritas at (877) 837-8775 or faxed to (877) 837-8859. Inspection requests can also be emailed to: [inspectionstx@us.bureauveritas.com](mailto:inspectionstx@us.bureauveritas.com)

Permit packet that includes the approved plans and documents and all inspection tickets must be on site at the time of inspection.

The building final inspection must be passed and Certificate of Occupancy issued prior to occupancy of building.

**Construction Site**

A temporary property address must be posted at the front of the lot and readable from the street. Permanent street numbers must be displayed before final inspection.

A portable sanitary restroom for your workers MUST be on your property until the final inspections are approved.

A trash receptacle constructed to prevent construction trash from blowing or scattering from the jobsite/property shall be maintained until job completion. NO construction material, debris, or sanitary restroom facility shall be placed or stored in the public right-of-way or drainage areas at any time.

Erosion control must be in place prior to the first inspection.

200 S. Main Blue Ridge, Texas 75424  
Phone: (972) 752-5791 Fax: (972) 752-9160

A permit becomes null and void if work or construction authorized is not commenced within 180 days, or if construction or work is suspended or abandoned for a period of 180 days at any time after work is commenced. All permits require final inspection.

I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.

Address: \_\_\_\_\_ Date Received: \_\_\_\_\_

**Prior to permit issuance, all properties must have an approved plat and site plan. Permit Application with an original signature must be complete and submitted with the following information:**

- \_\_\_\_\_ **(3) Site Plans to include:** (Must submit a filed plat of lot)
  - Legal Description (lot, block, subdivision)
  - North arrow and scale
  - Property lines and lot dimensions
  - All easements
  - Proposed structure and all existing buildings
  - Driveways and sidewalk dimensions
  - Setbacks for front, rear and sides of house must be shown on site plan
- \_\_\_\_\_ **Flood Plain Certificate, if applicable**
- \_\_\_\_\_ **Homeowner Association approval form, if applicable**
- \_\_\_\_\_ **(2) Residential Energy Code Compliance Report (2012 IECC). Rescheck, IC3 report and Energy Star reports accepted. [www.energycodes.org](http://www.energycodes.org)**
- \_\_\_\_\_ **(2) Foundation Plans** - Conventional Rebar Slab Foundation – Regionally Accepted Practices – Foundation Detail (Reference IRC) or Engineered plans or Post Tension Foundation – Engineered Foundation plans and letter. Must state foundation was designed for the soil conditions on that particular lot and the design criteria of the IRC.
- \_\_\_\_\_ **(3) Sets of house plans** to include: floor plan, exterior elevations, roof design, mechanical design, electrical design, plumbing design, construction details, window/door schedule, masonry on wood details, sheer wall details.
- \_\_\_\_\_ **Driveway approaches and drainage culverts** - Engineered plans (Driveways accessing State Highways require a TXDOT permit)
- \_\_\_\_\_ **Contractor Registration required for General, Electrician, Plumber, Mechanical, Irrigator, and Backflow Tester.**

# New Residential Submittal Requirements

200 South Main  
Blue Ridge, Texas 75424  
972-752-5791

**CONSTRUCTION DOCUMENT SUBMITTALS:** Three (3) copies of complete set of construction documents are required for plan review. Construction documents must be submitted along with a completed permit application form.

**Site plans (plot plans)** drawn to a scale of 1" = 20'. Site plans must show lot dimensions, footprint of building and distance from building to property lines, platted building lines, driveways, all easements, and the address and legal description of the lot.

**Floor plans** drawn to a scale of 1/4" = 1'. Floor plans must show all dimensions, room names, size and type of windows and doors, cabinets and fixtures, and ceiling heights.

**Exterior elevation plans** drawn to a scale of 1/4" = 1'. Exterior elevation plans must show exterior materials, windows and doors, roof slopes, chimneys, and overhangs.

**Structural plans**, where required, drawn to a scale of 1/4" = 1'. Structural plans must show second floor framing, ceiling framing, roof framing, headers, and beams.

**Foundation plans** (must be sealed by a State of Texas Licensed Engineer or Foundation Detail (Reference IRC) drawn to a scale of 1/4" = 1'. Foundation plans must show all dimensions, location and spacing of beams, location of post-tensioning cables (if applicable), location and sizes of rebar (if applicable), concrete specifications, slab thickness, beam sizes and details, post-tensions cable details (if applicable), other notes and requirements by the Engineer, and the address and legal description of the lot.

**Engineer's foundation design letters.** Letters must include a statement that the foundation has been designed specifically for soil conditions of listed lot and that design is in accordance with the building code, must be sealed by the State of Texas Licensed Engineer that designed the foundation plans, and must show the address and legal description of the lot.

**Masonry on Wood details**, if applicable. Masonry on wood details must be sealed by a State of Texas Licensed Engineer or built to the International Residential Code details.

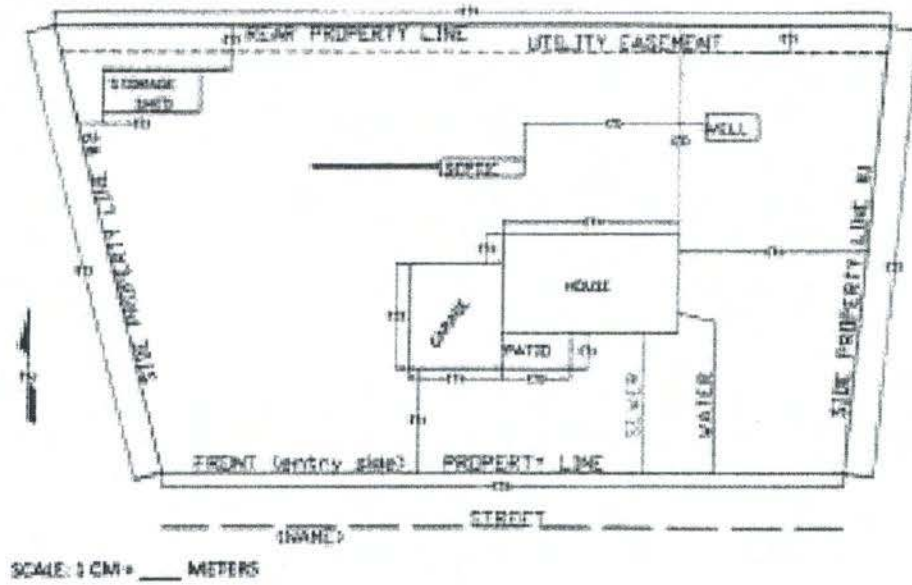

**Electrical plans** (may be combined with floor plan) drawn to a scale of 1/4" = 1'. Electrical plans must show location of receptacles and other outlets, exhaust fans, smoke detectors, light fixtures, service equipment and panels.

**Plumbing plans** (may be combined with floor plan) drawn to a scale of 1/4" = 1'. Plumbing plans must show location of fixtures, water heaters, and gas outlets.

**Energy Compliance Report** – ResCheck, Remrate, or IC3 report accepted. ([www.energycodes.gov](http://www.energycodes.gov))

**NOTE:** A Form Survey sealed by a State of Texas Licensed Surveyor will be required to be on site for the Plumbing Rough Inspection.

## New Residential Energy Inspections

200 South Main  
Blue Ridge, Texas 75424  
972-752-5791

There will be 2 inspections required, one at pre-drywall and one at final. Duct testing must be conducted at finals, but prior to the Building Final.

### Pre-drywall inspection to include:

- Insulation R-Value Installed
- Quality of Insulation Installation
- Window Values
- Proper Sealing of Envelope
- Thermal Bypass Enclosure installed in appropriate locations
- Inspection of Duct System Connections for proper sealing techniques

### Final Inspection to include:

- Attic Insulation Installed R-Value and Quality
- Space Heating and Cooling Equipment Efficiencies
- Water Heating Equipment Efficiency
- Weather Stripping of all Doors (and Attic Access located within  
Conditioned Space)
- Duct Leakage Testing
- Blower Door Testing

Third party energy inspectors must have one of the certifications listed below and must be registered with the City of Blue Ridge prior to conducting any inspections.

ICC Certifications  
BPI Certification

HERS Certification  
Proof of Experience Performing Diagnostic Testing

The third party inspector must leave verification of compliance on site for city inspector. Building finals will not be approved unless all required documentation is received. Bureau Veritas inspectors will acquire the documentation in the field prior to completing any subsequent inspection past the stage of energy approval.

## **Bureau Veritas Contact Information**

200 South Main  
Blue Ridge, Texas 75424  
972-752-5791
